SIGONELLA ELEMENTARY SCHOOL
FAMILY LIBRARY PORTAL

PARENT & GUARDIAN ACCESS!

We know that you are your child's first and most important educator.

We want to make sure you always have clear insight into what your child is reading.

We are excited to introduce the new MackinVision **Family Library Portal**—a secure online tool designed to give you direct visibility and a greater say in your child's library experience.

With this new portal, you can **log in from home at any time** to:

1. See Live Checkouts

View a live list of the exact books your child currently has borrowed from the school library.

2. Browse the Library

Search through our school's entire book collection online.

3. Manage Book Visibility

If there are specific books you would prefer your child not to view or borrow, you can easily select and hide them. Once hidden, those titles will disappear from your child's library search and will blocked at the checkout desk.

Scan the QR code to access the MackinVision Family Library Portal.

How to Get Started

Logging in is simple, and safe:
